

Pilot ATC-076L - ALH 12-1-1.25F

The housing ATC-076L is a lenticular housing. Consumable: 12"
 Flat gasket lenticular module

The purpose is to :

- Validate the lenticular module technology
- Choose the best filter sheet
- Check the quality of the filtrate
- Sizing

Technical data :

Housings:

Material..... 316L

Volume.....32L

Lenticular module

Size.....12"

Quantity.....1

Type of Gasket.....Flat

Operating Data

According DESP 4\$3

Liquid group 1..... -1/6,0 bar

Gas group 2.....max 1.5 bar

According DESP Cat I

Liquid group 1.....-1/8,0 bar

Gas group 2.....max 6 bar

In order to check that this housing is suitable for your process, please indicate us fluids, temperature, pressure.
 Gaz Group 1 must be below 0,5 bar.

Connexions

In / Out Flange.....DN 32 PN 16 - 316 L

Drain1 drain (valve with hose barb ¾") for inlet and outlet

Event.....Housing Clamp 1" – Manometer + Valve ¾"

Manometer with separator..... -1/9 bar

Packaging

Wooden box.....800mmX660mmX(H)1450mm

Weight.....112 kg

Spares

72509937 ATC-076L / Kit Silicone Gasket FDA CE1935/2004

72509938 ATC-076L / Kit PTFE Gasket

Firm Plate

Part Number	50521219 038
Model	FZ121
Type	038.121.1
Diameter (inch) x NO modules	12" x 1
Category CE97/23	I
Volume litres	32
Pressure (PS /min –max) à TS 0-40°C bar	0 - 8
Pressure (PS /min –max) à TS 0-150°C bar	0 -6,2
Test Pressure PT bar	11,5
Design temperature min - max	0 – 150 °C
Fluid Group (PED CE 97/23)	1 and 2
Vessel material	316L – 1.4404
Year manufacture	2008
Vessel Number	FN019680

CE  II 2 GD IIC
